<p>

Molly had been staring out of her window for about an hour now. On her desk, lying between the copies of Nature, New Scientist, and all the other scientific journals her work had appeared in, was a well thumbed copy of On The Road. It had been Molly's favourite book since college, and the longer she spent in these four walls the more she felt she needed to be free.

</p>

<p>She had spent the last ten years in this room, sitting under a poster with an Oscar Wilde quote proclaiming that “Work is the refuge of people who have nothing better to do”.</p>

  <h1>World Cup News</h1>
  <p>The FIFA World Cup, often simply called the World Cup, is an international association football
competition contested
  by the senior men's national teams of the members of the Fédération Internationale de Football
Association (FIFA),
```

the sport's global governing body. </p>

<p>The tournament has been held every four years since the inaugural tournament in 1930, except in 1942 and 1946 when it was not held

because of the Second World War. The reigning champions are Argentina, who won their third title at the 2022 tournament.

The format involves a qualification phase, which takes place over the preceding three years, to determine which

teams qualify for the tournament phase.</p>

<p>In the tournament phase, 32 teams compete for the title at venues within the host nation(s) over about a month. The host nation(s) automatically qualify to the group stage of the tournament. The FIFA World Cup has

been scheduled to expand to 48 teams for the 2026 tournament.</p>
